ONIONS

We offer premium quality fresh onions that are hygienically cleaned, properly graded, and packed to meet international export standards. We ensure consistent quality, competitive pricing, and timely delivery. Our onions have a long shelf life, making them suitable for long-distance export while maintaining their natural flavor and pungency.

We provide customized packaging options such as 5kg, 10kg, 20kg, and 25kg in mesh bags or jute bags, along with private labeling as per buyer requirements. Bulk quantity supply is available.

TOMATOES

Premium Quality Fresh Tomatoes (Export Grade):
We offer premium quality fresh tomatoes that are carefully sourced, hygienically handled, and properly graded to meet international export standards. We ensure consistent quality, competitive pricing, and timely delivery. Our tomatoes are firm, fresh, and have a good shelf life, making them suitable for long-distance export while maintaining their natural taste and appearance. We provide customized packaging options such as 5kg, 10kg, and 20kg in export-quality boxes or crates, along with private labeling as per buyer requirements. Bulk quantity supply is available.
